ABOUT US

The LSA Story

Based in the heart of Johannesburg, Light Saga Africa is a film production company driven by purpose, passion, and precision. We exist to tell stories that matter—stories rooted in African identity, culture, and ambition.

Who We Are

Light Saga Africa is an independent South African production company specialising in film, television, brand content, music, and digital storytelling. We develop, produce and deliver cinematic work from concept through post-production, while creating practical pathways for emerging filmmakers.

Mission Statement

To craft compelling African stories with cinematic precision, authentic collaboration, and a commitment to mentoring the next generation of creative talent.

Vision Statement

To become a leading African production house recognised locally and globally for bold storytelling, technical excellence, and lasting creative impact across the continent and beyond.

Core Plot

The story is the soul of every project. We develop narratives with depth, structure, and emotional resonance, ensuring every frame serves the story.

Real Identity

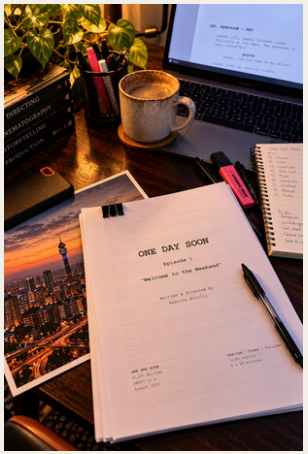

We elevate voices that reflect the true diversity of African storytelling. Authenticity isn't a trend for us—it's the foundation.

Education

Building the future of the African entertainment space means investing in emerging talent. We mentor, train, and create pathways for the next generation of filmmakers.

LSA PRODUCTION SERVICES

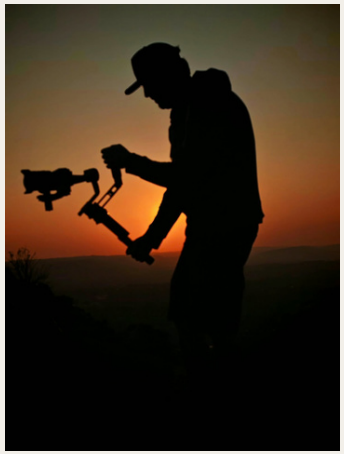

From first idea to final delivery, Light Saga Africa brings creative, technical, and production expertise to move stories forward.

LIGHT SAGA AFRICA

OUR TEAM

A production team built around craft.

Leadership at the core, supported by a trusted creative and technical collective.

CREATIVE / TECHNICAL COLLECTIVE

CORE TEAM

Sabrina Sciulli

Creative Director

Sabrina leads the creative vision at Light Saga Africa. With a strong background in storytelling and visual development, she ensures every project connects emotionally and leaves a lasting impression.

Llewellyn Duguid

Director of Photography

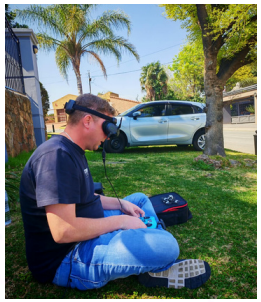

Llewellyn brings cinematic excellence to every frame. With a keen eye for light, composition, and movement, he crafts visuals that elevate the story and engage audiences.

Dean Mbamba

Post Production Supervisor

Dean manages our workflows with efficiency and expertise. As a colorist, he enhance visual tone and consistency, bringing mood and depth to every project.

Cleaton Duguid

Drove Pilot

Cleaton is our drone specialist, capturing breath-taking aerial footage with precision and creativity. His perspective adds scale, beauty, and impact to our visual stories.

Jean-Pierre Vogel

Lead Editor & Marketing Specialist

Jean-Pierre shares our stories in the edit and amplifies them online. As lead editor and marketing specialist, he ensures every project looks its best and reaches the right audience.

Charne Dreyer

Head Of Production Design and Prop Maker

Charne Dreyer is a Production Designer, artist and props maker specialising in world-building and creative fabrication for film. She is also the founder of Bonefied 3D Printing and Dreamscape Designs.

06 / OUR WORK

CREATIVE DEVELOPMENT & MENTORSHIP

We nurture emerging talent through hands-on training, creative mentorship, and access to professional production environments.

CREATIVE DEVELOPMENT

CREATIVE DEVELOPMENT & MENTORSHIP

Light Saga Africa's founders are experienced educators, lecturers and certified trainers from varies spaces who actively work with emerging filmmakers. Through practical collaboration, mentorship, and access to professional production environments, LSA helps develop the next generation of African creative talent.

THE PATHWAY FORWARD

01

FILM EDUCATION

Education is treated as a practical foundation: developing creative judgement, craft, and a clear understanding of how stories move from idea to screen.

02

MENTORSHIP

LSA's founders actively guide emerging filmmakers through conversation, feedback, and hands-on collaboration shaped by real production experience.

03

STUDENT PRODUCTIONS

Student work becomes a space to test ideas, build confidence, and learn the discipline of making entertainment productions with a team. There are also possible funding options that we source to help students start their projects

04

PRACTICAL INDUSTRY EXPERIENCE

Access to professional production environments helps connect learners with the space, standards, and responsibilities of working in film and television.

05

COLLABORATION WITH EMERGING CREATIVES

LSA creates room for emerging voices to contribute, experiment, and develop work alongside experienced practitioners.

06

OPPORTUNITIES THROUGH ALL OUR PROJECTS

We bring student onto our projects to ensure we foster a good bridge between students and our industry experts. This helps create a safe space for them to learn and for industry professionals to scout early talent.
